

Updated Information on how to get free COVID-19 tests

The Federal government is distributing at-home, rapid COVID-19 tests for free. **Every home in the United States is now eligible to order 3 sets of 4 free at-home tests from the federal government.** If you already ordered your first set, you can order a second today at this link, <https://www.covidtests.gov/>.

32BJ members with Kaiser Permanente prescription drug coverage can also be reimbursed for COVID-19 tests they buy at any store, including online stores like Amazon. **Don't forget to keep your receipts!**

To submit a claim for reimbursement:

1. Sign in with your User ID and Password at <https://kp.org>. (If you do not have a member account on Kaiser Permanente's Website, choose "Create an account.")
2. Once you've signed in, select "Coverage & Costs" and then select "Submit a medical claim."
3. Complete the online claim form, upload your receipts and click submit.
4. Kaiser Permanente will mail a check to your home for the **total amount** you paid for tests purchased **on or after January 15, 2022**.

Which COVID-19 tests are covered?

You will be reimbursed only for COVID-19 tests that are authorized by the Food and Drug Administration (FDA). The most common FDA-authorized tests are BinaxNOW™, Flowflex™, InteliSwab™, On/Go™ and QuickVue®.

Is there a limit to how many tests I can get?

Yes. Each person in your family who is covered under your Kaiser Permanente insurance can get up to **eight tests every month**. For example, **a family of four would be eligible for 32 tests each month**.
